

Excellus BluePPO

SIGNATURE COPAY 1

Everybody Benefits

Predictable and straightforward, this plan features premiums that cover nearly all your health care costs, even major claims, with very few out-of-pocket costs throughout the year. So you'll never be surprised by a big bill, and you'll rarely have to think about your coverage.

WHAT'S COVERED IN FULL?

Here are some commonly used preventive care services* that are covered in full:

- Well-Baby and Well-Child Care
- Adult Annual Physical Examinations
- Adult Immunizations
- Well-Woman Examinations
- Mammograms
- Family Planning and Reproductive Health Services
- Bone Mineral Density Measurements or Testing

DEDUCTIBLES AND YOUR PLAN

Your plan does not include a deductible.

Your copay plan provides predictable out-of-pocket costs for most of your covered health care services. Preventive care services* are covered in full on the first day your coverage begins. There is no deductible, so for most medical services, you are only responsible for paying a copay.

PRESCRIPTION DRUGS AND YOUR PLAN

You can get a prescription filled at the copay or coinsurance level on the first day your coverage begins.

OTHER THINGS TO KNOW ABOUT YOUR PLAN

How does the money I pay toward my deductible add up (or aggregate)?

This plan does not have a deductible.

How much will I pay out of pocket for this plan? And how does it add up (or aggregate)?

- To help limit your out-of-pocket costs, all of our plans have a maximum amount that any one person will pay. This is called an out-of-pocket maximum.
- This amount varies, depending on which plan you have. Log into **ExcellusBCBS.com/Member** to view your benefits and learn what your amount is.

* Age and gender restrictions can apply. For the full list of preventive care services and qualifying requirements, visit www.healthcare.gov/coverage/preventive-care-benefits.

IMPORTANT TERMS

Copays: A fixed amount you pay each time you use a covered health care service. For example, let's consider a \$15 copay for a primary care provider (PCP). Even if the visit costs \$100, you'll only be responsible for \$15. We cover the rest.

Coinsurance: Coinsurance is similar to a copay, but instead of a fixed-dollar amount, you pay a percentage of the total bill. For example, say you have a 20% coinsurance for a primary care provider (PCP). If the visit costs \$100, you'll only be responsible for 20%, which is \$20. We cover the rest.

Out-of-Pocket Maximum: The annual limit on the amount of money you will have to spend on health care services within a plan year. Once you reach this limit, everything is covered in full.
